

**Error:** boolean com.ibm.icu.text.UTF16.isSurrogate(char)

```
g.springframework.stereotype.Controller;

er
ass HelloController {
estMapping("/hello")
c String giveHelloMsg()

eturn "heelo";
```

## Solution

Go to Windows > preferences > Java > Editor > mark occurrences and **disable mark occurrences of the selected element in the current file.**

In mac Os, to go to preferences use shortcut (**Command + ,** )
